2000 Instructions for Form 541

California Fiduciary Income Tax Return

References in these instructions are to the Internal Revenue Code (IRC) as of **January 1, 1998**, and to the California Revenue and Taxation Code (R&TC).

General Information

In general, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to most of the changes made to the IRC by the federal Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-206) and has not conformed to any of the changes made by the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277), the Miscellaneous Trade and Technical Corrections Act of 1999 (Public Law 106-36), and the Ticket to Work and Work Incentives Improvement Act of 1999 (Public Law 106-170).

Qualified Small Business Stock. California Revenue and Taxation Code (R&TC) Section 18152.5 provides an exclusion of gain on qualified small business stock (similar to the federal exclusion under IRC Section 1202).

Qualified Funeral Trusts. Special rules apply to the taxation of qualified funeral trusts for trustees that elect to use these rules. For details, get Form 541-QFT, California Income Tax Return for Qualified Funeral Trusts.

A Purpose

Fiduciaries use Form 541 to:

- Report income received by an estate or trust;
- Report income that is accumulated or currently distributed to the beneficiaries;
- Report any applicable tax liability of the estate or trust; or
- File an amended return for the estate or trust.

A fiduciary includes a trustee of a trust including a qualified settlement fund, or an executor, administrator, or person in possession of property of a decedent's estate.

For taxation purposes, a trust will generally be regarded as a separate entity. However, if there is an unlawful shifting of income from the individual who has earned that income to a trust, the trust will not be treated as a separate entity. The income will be taxed to the individual who earned the income. If the individual establishing the trust has a substantial ability to control the assets, all of the income will be taxed to that individual. Deductions of personal living expenses by an individual or trust is not allowed unless specifically allowed by the R&TC and the IRC.

B Who Must File

Decedent's Estate. The fiduciary (or one of the joint fiduciaries) must file Form 541 for the estate of a decedent that has:

- Gross income for the taxable year of more than \$10,000 (regardless of the amount of net income);
- Net income for the taxable year of more than \$1,000; or
- An alternative minimum tax liability.

Trust. The fiduciary (or one of the joint fiduciaries) must file Form 541 for a trust that has:

- Gross income for the taxable year of more than \$10,000 (regardless of the amount of net income);
- Net income for the taxable year of more than \$100; or
- An alternative minimum tax liability.

Note: Simple trusts that have received a letter from the Franchise Tax Board (FTB) granting exemption from tax under R&TC Section 23701d are considered to be corporations for tax purposes and may be required to file Form 199, Exempt Organization Annual Information Return. See the back cover, "Where to Get Income Tax Forms."

Nonexempt charitable trusts described in IRC Section 4947(a)(1) must file Form 199.

Trusts described in IRC Section 401(a) may be required to file an exempt organization return. Get Form 109, Exempt Organization Business Income Tax Return, for more information.

Optional Filing Methods for Certain Grantor Trusts. The FTB will accept the optional reporting requirements stated in federal Treasury Regulation Section 1.671-4(b)(2).

Real Estate Mortgage Investment Conduit (REMIC) Trust.

A REMIC is a special vehicle for entities that issue multiple classes of investor interests backed by a fixed pool of mortgages. Get the instructions for federal Form 1066, U.S. Real Estate Mortgage Investment Conduit (REMIC) Income Tax Return, for more information. The fiduciary (or one of the joint fiduciaries) must file Form 541 and pay an annual tax of \$800 for a REMIC trust that has done business at any time during the year.

A REMIC trust is not subject to any other taxes assessed on this form. Attach a copy of federal Form 1066 to the back of the completed Form 541.

Bankruptcy Estate. The fiduciary must file Form 541 for the estate of an individual involved in bankruptcy proceedings under Chapter 7, 11, or 12 of Title 11 of the United States Code (USC) if the estate has:

- Gross income for the taxable year of more than \$8,000 (regardless of the amount of net income);
- Net income for the taxable year of more than \$1,000; or
- An alternative minimum tax liability.

Note: IRC Section 1398 does not apply. Under California tax law, the bankruptcy is taxed as an estate in accordance with 11 USC Section 346(a) and (b).

Qualified Settlement Fund (including designated settlement fund). The fiduciary must file Form 541 for a qualified settlement fund (print "QSF" in red at the top of Form 541, Side 1), as defined under IRC Section 468B if:

- The court or government agency supervising the administration of the fund is in California; or
- The fund receives or expects to receive income from California sources, (i.e., income from real or tangible personal property located in California and income from intangible personal property with a business or taxable situs in California).

Electing Small Business Trust (ESBT). An election by the trustee pursuant to IRC Section 1361 to be an electing small business trust for federal purposes is treated as an election by the trustee for California purposes. No separate election for California purposes is allowed. Any election made applies to the taxable year of the trust in which the election is made and all subsequent years of the trust unless revoked with the consent of the FTB.

Regulated Investment Companies (RIC) and Real Estate Investment Trusts (REIT). If you filed a Form 1120-RIC, U.S. Income Tax Return for Regulated Investment Companies, or a Form 1120-REIT, U.S. Income Tax Return for Real Estate Investment Trusts, file Form 100, California Corporation Franchise or Income Tax Return, instead of Form 541. See the back cover, "Where to Get Income Tax Forms."

interest payments aggregating \$10 or more paid after January 1, 2000. Information returns are due on or before June 1, 2001.

E Period Covered by the Return

File Form 541 for calendar year 2000 or a fiscal year beginning in 2000. Only trusts exempt from taxation under IRC Section 501(a) or a charitable trust described under IRC Section 4947(a)(1) and estates may have a fiscal year. If you do not file a calendar year return, you must enter the taxable year in the space at the top of Form 541.

For estates, the moment of death determines the end of the decedent's taxable year and the beginning of the estate's taxable year. The first taxable year for the estate may be any period of 12 months or less that ends on the last day of a month.

F When to File

File Form 541 by the 15th day of the 4th month following the close of the taxable year of the estate or trust. For calendar year estates and trusts, file Form 541 and Schedules K-1 (541) by April 16, 2001. If Form 541 cannot be filed by the 15th day of the 4th month (fiscal year) or April 16, 2001, (calendar year), the estate or trust has an additional six months to file without filing a written request for extension. However, to avoid late-payment penalties, 100% of the tax liability must be paid by the original due date of the return. This also applies to REMICs that are subject to an annual \$800 tax.

If an extension of time to file is needed but an unpaid tax liability is owed, use form FTB 3563, Payment Voucher for Automatic Extension for Fiduciaries, that is included in this booklet.

If the return is not filed by the extended due date, delinquent filing penalties and interest will be imposed on any tax due from the original due date of the return.

File the 2000 return for calendar year 2000 and fiscal years beginning in 2000. Fill in the tax year space at the top of the form for a fiscal year or short tax year return.

The 2000 Form 541 may also be used for a tax year beginning in 2001 if:

- The estate or trust has a tax year of less than 12 months that begins and ends in 2001; and
- The 2001 Form 541 is not available by the time the estate or trust is required to file its tax return. However, the estate or trust must show its 2001 tax year on the 2000 Form 541 and incorporate any tax law changes that are effective for tax years beginning after December 31, 2000.

A qualified settlement fund is treated as a corporation for filing and reporting purposes and should file its California income tax return by the 15th day of the 3rd month following the close of the taxable year, normally March 15th. You must attach a copy of the federal Form 1120-SF, U.S. Income Tax Return for Settlement Funds (Under Section 468B), and any state-

ments or elections required by Treasury Regulations to Form 541.

G Where to File

If an **amount is due**, mail the return and payment to:

FRANCHISE TAX BOARD
PO BOX 942867
SACRAMENTO CA 94267-0001

Be sure to write your federal employer identification number (FEIN) on all payments. Do not mail cash.

If there is a **refund or no amount is due**, mail the return to:

FRANCHISE TAX BOARD
PO BOX 942840
SACRAMENTO CA 94240-0000

Private Delivery Service. California conforms to federal law regarding the use of certain designated private delivery services to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. See federal Form 1041 for a list of designated delivery services. If a private delivery service is used, address the return to:

FRANCHISE TAX BOARD
SACRAMENTO CA 95827

Caution: Private delivery services cannot deliver items to PO boxes. If using one of these services to mail any item to the FTB, **DO NOT** use an FTB PO box.

H Estimated Tax Payments

Estates and trusts are required to make quarterly estimated tax payments. Estates and trusts, which receive the residue of the decedent's estate, are required to make estimated income tax payments for any year ending two or more years after the date of the decedent's death.

I Decedent's Will and Trust Instrument

You do not have to file a copy of the decedent's will or the trust instrument unless the FTB requests one.

J Limitations

At-Risk Loss Limitations. Generally, the amount the estate or trust has "at-risk" limits the loss you may deduct for any taxable year. Get federal Form 6198, At-Risk Limitations, to figure the deductible loss for the year. Be sure to use California amounts.

Passive Activity Loss and Credit Limitations. IRC Section 469 (which California incorporates by reference) generally limits deductions from passive activities to the amount of income derived from all passive activities. Similarly, credits from passive activities are limited to tax attributable to such activities. These limitations are first applied at the estate or trust level. Get the instructions for federal Form 1041 for more information on the passive activities loss and credit limitation rules. Get form FTB 3801,

Passive Activity Loss Limitations, to figure the amount of allowable passive activity loss. Get form FTB 3801-CR, Passive Activity Credit Limitations, to figure the amount of credit allowed for the current year.

K Special Rule for Blind Trust

If you are reporting income from a qualified blind trust (under the Ethics in Government Act of 1978), do not identify the payer of any income to the trust, but complete the rest of the return as provided in the instructions. Also, write "**BLIND TRUST**" at the top of Form 541, Side 1.

L Multiple Trust Rules

Two or more trusts are treated as one trust if the trusts have substantially the same grantor(s) and substantially the same primary beneficiary(ies), and if a principal purpose of the use of multiple trusts is avoidance of tax. This provision applies only to that portion of the trust that is attributable to contributions to corpus made after March 1, 1984.

M Interest and Penalties

Interest. Interest will be charged on taxes not paid by the due date, even if the return is filed by the extended due date.

Late filing of return. A penalty is charged if the return is filed after the due date (including extensions), unless there was reasonable cause for filing late. The penalty is 25% if the return is filed after the extended due date. If the return is filed more than 60 days after the extended due date, the minimum penalty is \$100 or 100% of tax due on the return, whichever is less.

Late payment of tax. A penalty is charged for not paying tax by the due date unless there was reasonable cause for not paying on time. The penalty is 5% of the unpaid tax plus one-half of 1% for each month, or part of a month, that the tax is late, up to a maximum of 25%.

Note: If an estate or trust is subject to both the penalty for failure to file a timely return and the penalty for failure to pay the total tax by the due date, a combination of the two penalties may be assessed, but the total will not exceed 25% of the unpaid tax.

Penalty for failure to provide Schedule K-1.

The fiduciary is required to provide a Schedule K-1 (541) to each beneficiary who receives a distribution of property or an allocation of an item of the estate. A penalty of \$50 per beneficiary (not to exceed \$100,000 for any calendar year) will be imposed on the fiduciary if this requirement is not satisfied.

Note: If the estate or trust includes interest or any of these penalties with the payment, identify and enter these amounts in the bottom margin of Form 541, Side 1. Do not include the interest or penalty in the tax due on line 32 or reduce the overpaid tax on line 33.

Other penalties. Other penalties may be imposed for: a check returned by your bank for

insufficient funds; accuracy related matters; and fraud.

N Attachments

If the estate or trust needs more space on the forms or schedules, attach separate sheets showing the same information in the same order as on the printed forms.

Enter the estate's or trust's FEIN on each sheet. Also, use sheets that are the same size as the forms and schedules and indicate clearly the line number of the printed form to which the information relates. Show the totals on the printed forms.

O Rounding to Whole-Dollar Amounts

The estate or trust should show the monetary amounts on the return and accompanying schedules as whole-dollar amounts.

P Miscellaneous Items

California law follows federal law in the areas of:

- Accounting methods;
- Separate shares in a single trust;
- Separate shares in a single estate;
- Blind trusts;
- Multiple trusts;
- Simple and complex trusts;
- Common trust funds; and
- Excess distributions.

Liability for tax. The fiduciary is liable for payment of the tax. Failure to pay the tax may result in the fiduciary being held personally liable. See R&TC Sections 19071 and 19516.

Estate income to be reported. If a decedent, at the date of death, was a resident of California, the entire income of the estate must be reported. If a decedent, at the date of death, was a nonresident, only the income derived from sources within California should be reported.

Trust Income to be Reported from sources:

Within California – All of the income derived from sources within California and not distributable is taxable to the trust irrespective of the residence of the trustees or the beneficiaries.

Outside California – If either the trustee (or all trustees) or the noncontingent beneficiary (or all noncontingent beneficiaries) are residents, the trust is taxable on all income from all sources that is not currently distributable.

Income retained by a trust is taxable to the trust. Income from California sources is taxable regardless of the residence of the fiduciaries and beneficiaries. R&TC Sections 17742 through 17745 provide that the taxability of non-California source income retained by a trust and allocated to principal depends on the residence of the fiduciaries and **noncontingent** beneficiaries, not the person who established the trust. Contingent beneficiaries are not relevant in determining the taxability of a trust. There are five different situations that can occur when determining the taxability of a trust. The situations and treatment are:

1. If the trustee (or all the trustees, if more than one) is a California resident, the trust is taxed on all income from all sources (R&TC Section 17742).
2. If the noncontingent beneficiary (or all the noncontingent beneficiaries, if more than one) is a California resident, the trust is taxed on all income from all sources (R&TC Section 17742).
3. If at least one trustee is a California resident and at least one trustee is a nonresident and all beneficiaries are nonresidents, the trust is taxed on all California source income plus the proportion of all other income that the number of California resident trustees bears to the total number of trustees (R&TC Section 17743).
4. If all of the trustees are nonresidents and at least one noncontingent beneficiary is a California resident and at least one noncontingent beneficiary is a nonresident, the trust is taxed on all California source income plus the proportion of all other income that the number of California resident noncontingent beneficiaries bear to the total number of noncontingent beneficiaries (R&TC Section 17744).
5. If the trust has resident and nonresident trustees and resident and nonresident noncontingent beneficiaries, both situations 3 and 4 apply.

The R&TC and accompanying regulations do not discuss the situation where some fiduciaries and some beneficiaries are nonresidents (situation 5). FTB Legal Ruling No. 238, October 27, 1959, provides the following method for allocating non-California source income where there is a mixture of California resident and nonresident fiduciaries, and California resident and nonresident noncontingent beneficiaries.

Example:

Assume that the total taxable income of the trust is \$90,000 and is not sourced in California. There are three trustees, one of whom is a resident of California (1/3). There are two noncontingent income beneficiaries, one of whom is a resident of California (1/2). A noncontingent beneficiary or vested beneficiary is one whose interest is not subject to a condition precedent. A condition precedent is one which must happen before some right dependent thereon accrues, or some act dependent thereon accrues, or some act dependent thereon is performed. (Survivorship is a condition precedent.) The amount of income taxable by California is calculated in the following steps:

1. Taxable income is first allocated to California by the ratio of the number of California fiduciaries to the total number of trustees. The trustee calculation is $1/3$ of \$90,000 = \$30,000;
2. The amount allocated to California in that ratio (from Step 1) is subtracted from total taxable income. The amount for the next allocation is \$60,000 (\$90,000 - \$30,000);

3. The remainder of total income is then allocated to California by the ratio of the number of California noncontingent beneficiaries to the total number of noncontingent beneficiaries. The beneficiary calculation is $1/2$ of \$60,000 = \$30,000; and
4. The sum of the fiduciary calculation and the noncontingent beneficiary calculation is the amount of non-California source income taxable by California. The fiduciary income calculation of \$30,000 plus the beneficiary income calculation of \$30,000 equals the income taxable by California of \$60,000.

The apportionment described above does not apply when the interest of a beneficiary is contingent. See R&TC Section 17745 regarding taxability in such cases.

Deductions upon termination. A deduction shall be allowed to the beneficiaries succeeding to the property of the estate or trust if, upon termination, the estate or trust has (1) a capital loss carryover, or (2) for its last taxable year, deductions (other than the charitable deduction) in excess of gross income, or (3) a net operating loss.

Tax-exempt income. California does not tax:

- **Interest on governmental obligations.** Interest derived from bonds issued by California or its political subdivisions, the federal government, the District of Columbia (issued before December 24, 1973), or territories of the United States is not taxable by California.
- **Proceeds of insurance policies.** In general, a lump sum payable at the death of the insured under a life insurance policy is excludable from gross income of the recipient.
- **Miscellaneous items wholly exempt from tax.** (1) Gifts (not received as a consideration for services rendered), money or property acquired by bequest, devise, or inheritance (but the income derived therefrom is taxable); and, (2) Income, other than rent, derived by a lessor of real property upon the termination of a lease, representing the value of such property attributable to buildings erected or other improvements made by the lessee.

Withholding at source on nonresident beneficiaries.

Fiduciaries must withhold tax on payments of income from California sources that are not subject to payroll withholding and made to nonresident beneficiaries. See R&TC Sections 18662 through 18677. Get Form 592, Nonresident Withholding Annual Return, and Form 592-B, Nonresident Withholding Tax Statement, to report the withholding.

See Title 18, Cal. Code Reg. Sections 17951-1(c), 17951-2, and 17953 regarding taxability of distributions to nonresident beneficiaries.

Tax certificate. If assets that exceed \$100,000 in fair market value (FMV) are distributable to one or more nonresident beneficiaries and the FMV of the estate's assets exceeded \$400,000 at the date of death, then pursuant to R&TC Section 19513, the fiduciary must obtain a tax

clearance certificate prior to court approval of the fiduciary's final account. To request the certificate, file form FTB 3571, Request for Estate Income Tax Certificate, at least 30 days prior to the court date for the hearing on the petition for final distribution of the estate assets.

Get California Schedule G-1, Tax on Lump-Sum Distributions, for more information.

Deductions

All deductions entered on line 10 through line 15c must include only the fiduciary's share of deductions related to taxable income. If the estate or trust has tax-exempt income, the amounts included on line 10 through line 15c must be reduced by the allocable portion attributed to tax-exempt income. See federal Form 1041 instructions, "Allocation of Deductions for Tax-Exempt Income," for information on how to determine the allocable amount to enter on line 10 through line 15c.

California law follows federal law for:

- Fiduciary, attorney, accountant, and return preparer fees;
- Limited deductions for losses arising from certain activities;
- Limited deductions for farming syndicates that had a change in membership or were established in 1977 (see IRC Section 464); and
- Bankruptcy estates: See 11 USC 346(e) for California deductions allowed for expenses incurred during administration.

Line 10 – Interest

Enter any deductible interest paid or incurred that is not deductible elsewhere on Form 541. Attach a separate schedule showing all interest paid or incurred. Do not include interest on a debt that was incurred or continued in order to buy or carry obligations on which the interest is tax-exempt. If unpaid interest is due to a related person, get federal Publication 936, Home Mortgage Interest Deduction, for more information.

The amount of investment interest deduction is limited. Get form FTB 3526, Investment Interest Expense Deduction, to compute the allowable investment interest expense deduction. Any disallowed investment interest expense is allowed as a carryforward to the next taxable year. See IRC Section 163(d) and get federal Publication 550, Investment Income and Expenses, for more information.

If the allowable part of the excess investment interest expense is deductible and a completed form FTB 3526 is required, write "FTB 3526 attached" on line 10. Then add the deductible investment interest to the other types of deductible interest and enter the total on line 10.

Line 11 – Taxes

Enter any deductible property taxes paid or incurred during the taxable year that are not deductible elsewhere on Form 541. Attach a separate schedule showing all taxes paid or incurred during the taxable year.

Do not deduct:

- Income or profit taxes imposed by the federal government, any state, or foreign country;
- Taxes computed as an addition to, or percentage of, any taxes not deductible under the law;
- Legacy, succession, gift, or inheritance taxes; and
- Sales and local general sales and use taxes.

Line 12 – Fiduciary fees

Enter the deductible fees paid to the fiduciary for administering the estate or trust and other allowable administration costs incurred during the taxable year.

Allowable administration costs are those costs that were incurred in connection with the administration of the estate or trust that would not have been incurred if the property were not held in such estate or trust. These administration costs are not subject to the 2% floor. See instructions for line 15b.

Line 13 – Charitable deduction

Enter the amount from Form 541, Side 2, Schedule A, line 7.

Line 14 – Attorney, accountant, and return preparer fees

Enter deductible attorney, accountant, and return preparer fees paid for the estate or the trust.

Line 15a – Other deductions NOT subject to the 2% floor

Explain on a separate schedule all other authorized deductions that are not deductible elsewhere on Form 541. Enter the total on line 15a.

Include any net interest deduction on interest earned on an enterprise zone (EZ) or targeted tax area (TTA) investment that is more than the expense of earning that interest. Attach form FTB 3805Z, Enterprise Zone Deduction and Credit Summary, or form FTB 3809, Targeted Tax Area Deduction and Credit Summary.

Casualty losses. California law generally follows federal law. See federal Form 4684, Casualties and Thefts.

Net operating loss deductions. California law generally follows federal law except that 55% of the loss can be carried forward and there are no carrybacks. See R&TC Sections 17276 through 17276.6 and get form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations – Individuals, Estates, and Trusts; form FTB 3805Z, Enterprise Zone Deduction and Credit Summary; form FTB 3806, Los Angeles Revitalization Zone Deduction and Credit Summary; and form FTB 3807, Local Agency Military Base Recovery Area (LAMBRA) Deduction and Credit Summary, for more information.

Line 15b – Allowable miscellaneous itemized deductions subject to the 2% floor

Miscellaneous itemized deductions are deductible only to the extent that the aggregate

amount of such deductions exceeds 2% of adjusted gross income (AGI).

The term "*miscellaneous itemized deductions*" does not include deductions relating to:

- Interest under IRC Section 163;
- Taxes under IRC Section 164; and
- Amortization of bond premium under IRC Section 171.

For more exceptions, see IRC Section 67(b).

For estates and trusts, AGI is computed by subtracting the following from total income (line 9):

- Fiduciary fees of the estate or trust (line 12);
- Income distribution deduction (line 18); and
- Other deductions claimed on line 10 through line 15a that were incurred in the conduct of a trade or business or the production of income.

See the federal Form 1041 instructions for more information regarding the income distribution deduction and AGI computation.

Note: Generally, you will have to complete Schedule P (541) if the estate or trust takes an income distribution deduction under IRC Section 651 or IRC Section 661.

Unallowable deductions. Deductions are not allowed on Form 541 for:

- Expenses that are allocable to one or more classes of income (other than interest income) exempt from tax;
- Any amount relating to expenses for production of income that is allocable to interest income exempt from tax. For the treatment of interest expense attributable to tax-exempt income, see the instructions for line 10. For the determination of the amount of expense attributable to tax-exempt income, see the instructions for federal Schedule B (Form 1041);
- Decedent's medical and dental expenses paid by the estate; or
- Funeral expenses.

Tax Computation

Line 21a – Regular tax

Determine the tax on the taxable income (line 20) using the Tax Rate Schedule on page 10. Enter the tax on line 21a.

Line 21b – Other taxes

- Tax may be applied to lump-sum distributions from a qualified retirement plan. You must complete Schedule G-1 to figure the amount of tax to enter on line 21b.
- Partial throwback tax on accumulation distribution from trust.

If an estate or a trust is the beneficiary of a trust and in the current year received a distribution from the trust of income accumulated in prior taxable years (an accumulation distribution), the estate or trust may be liable for a partial throwback tax on the accumulation distribution. Under the throwback rules, the beneficiary of an accumulation distribution is taxed as if the distribution was made in the prior years when the income was accumulated. Figure

the throwback tax on form FTB 5870A, Tax on Accumulation Distribution of Trusts. Include the tax on line 21b and attach form FTB 5870A to Form 541.

- Interest on tax deferred under the installment method for certain nondealer property installment obligations.

If an obligation arising from the disposition of property to which IRC Section 453A applies is outstanding at the close of the year, the estate or trust must include the interest due under IRC Section 453A in the amount to be entered on line 21b. Attach a schedule showing the computation. Write **"IRC Section 453A"** on line 21b. Include the tax in the total on line 21b.

- Tax on an Electing Small Business Trust (ESBT).

The portion of an ESBT that consists of stock in one or more S corporations must be treated as a separate trust, and the tax must be figured separately on that separate trust. Figure the tax on the S corporation items making the following modifications:

- Take into account only the income, loss, deductions, and credits that could be taken into account as pass-through items to S corporation shareholders and gain or loss from the disposition of S corporation stock.
- You may not claim an income distribution deduction or an exemption amount.
- The tax is 9.3% of the separate trust's taxable income.
- You may not claim an exemption amount in figuring the alternative minimum tax.
- You may not claim a net capital loss.

Do not apportion to the beneficiaries any of the S corporation items of income, loss, deduction, or credit. Attach the tax computation to the return.

If the conditions above do not apply, do not complete Schedule P (541).

Each credit is identified by a code number. If you claim one credit, enter the credit code number and amount of the credit on line 23.

If you claim more than one credit, you must use Schedule P (541), Part IV, to figure the total credit amount. Enter on Form 541, line 23, the total of line 4b through line 16b of Schedule P (541), Part IV. Attach Schedule P (541) and any required supporting schedules or statements to Form 541.

If the estate or trust claims a credit with carryover provisions and the amount of the credit available this year exceeds the estate's or trust's tax, it may carry over any excess credit to subsequent years until the credit is used.

Tax and Payments

Line 28 – California income tax withheld

Attach federal Form(s) W-2 if the fiduciary claims credit for California income tax withheld on a decedent's wages and salaries received by the fiduciary.

Line 29 – California income tax previously paid (minus tax allocated to beneficiaries)

Use this line only if you are filing an amended return. Enter payments made with the original

return plus additional tax paid after the original return was filed. Enter the serial numbers that the FTB stamped on the face of the cancelled check(s) (for each previous payment) if available, on the dotted line to the left of the amount on line 29. If you did not receive a cancelled check or if you made any payment(s) with a credit card, attach a statement showing the check number, the amount of the check or charge, the date posted to your account, and the name of the payee (FTB).

Be sure to reduce the amount of tax previously paid by the amount of estimated tax that the beneficiary treated as a payment.

Line 30 – 2000 California estimated tax payments and amount applied from 1999 return

Enter the amount of any estimated tax payment the estate or trust made on Form 541-ES, Estimated Tax for Fiduciaries, for 2000. Also, enter the amount of any overpayment from the 1999 return that was applied to the 2000 estimated tax. Include payments made with form FTB 3563.

The trustee (or executor under certain circumstances) may elect to allocate to the beneficiary a portion of estimated payments. Use Form 541-T. Be sure to reduce the amount of estimated tax payments you are claiming by the amount allocated to the beneficiary on Form 541-T.

Note: Estimated tax paid by an individual before death must be claimed on the income tax return filed for the decedent and not on the Form 541 filed for the decedent's estate.

Line 31 – Total payments

Enter the total amount of all tax payments.

Line 32 and Line 33 – Tax Due/Overpaid Tax

If the amount on line 27 is larger than the amount on line 31, then the tax is larger than the payments and credits. Subtract line 31 from line 27. This is the amount of tax the estate or trust owes before any voluntary contributions.

If the amount on line 27 is less than the amount on line 31, then the payments and credits are larger than the tax. Subtract line 27 from line 31. This is the amount of overpaid tax before any voluntary contributions.

If the estate or trust must compute interest under the look-back method for completed long-term contracts, get form FTB 3834, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts. Include the amount of interest the estate or trust owes on line 32 or the amount of interest to be credited or refunded to the organization on line 33. Write "FTB 3834" on the dotted line to the left of line 32 or line 33, whichever applies.

If the estate or trust completed the credit recapture portion of any of the following, include the recapture amount on line 32. Write the form number and the recaptured amount on the dotted line to the left of line 32.

- Form FTB 3501, Employer Child Care Program/Contribution Credit;
- Form FTB 3535, Manufacturers' Investment Credit;
- Form FTB 3805Z, Enterprise Zone Deduction and Credit Summary;
- Form FTB 3806, Los Angeles Revitalization Zone Deduction and Credit Summary;
- Form FTB 3807, Local Agency Military Base Recovery Area (LAMBRA), Deduction and Credit Summary;
- Form FTB 3808, Manufacturing Enhancement Area Credit Summary; or
- Form FTB 3809, Targeted Tax Area Deduction and Credit Summary.

Line 34 – Credit to your 2001 estimated tax

Enter the amount from line 34 that you want applied to the estate's or trust's 2001 estimated tax.

Line 35 – Amount of overpaid tax available this year

If an amount is entered on line 34, subtract it from line 33. Enter the result on line 35. The entire amount may be refunded or voluntary contributions may be made.

Line 36 – Total voluntary contributions

Add voluntary contributions to the amount on line 32 or subtract voluntary contributions from the amount on line 35. The amount of tax due, including the contributions, must be paid when the return is filed. See Schedule C, Voluntary Contributions, on the next page for more information.

Line 37 – Refund or no amount due

If no amount is entered on line 36, enter the amount from line 35 on line 37. This is the amount that will be refunded. If this amount is less than \$1, attach a written statement to the return requesting the refund.

If an amount is entered on line 36, subtract it from the amount on line 35. If the result is more than zero, enter the result on line 37. If the result is less than zero, this means that the voluntary contributions are more than the amount of overpaid tax available this year on line 35. In this case, subtract line 35 from line 36. Enter the result on line 38 and enclose payment for this amount.

Line 38 – Amount due

If no amount is entered on line 36, enter the amount from line 32 on line 38. This is the amount due with the return.

If an amount is entered on line 36, add that amount to the amount on line 32. Enter the result on line 38. This is the amount due with the return.

Line 39 – Underpayment of estimated tax penalty

If line 38 is \$200 or more and more than 20% of the sum of the tax on line 25, or if the estate or trust underpaid its 2000 estimated tax liability for any payment period, it may owe a penalty. The FTB will figure the penalty for the estate or trust and send a bill. Or, the estate or trust may get form FTB 5805, Underpayment of Estimated Tax by Individuals and Fiduciaries, or form FTB 5805F, Underpayment of Estimated Tax by Farmers and Fishermen, to see if it owes a penalty and to figure the amount of the penalty. If the estate or trust completes form FTB 5805 or form FTB 5805F, be sure to attach the form to the front of Form 541. Enter the amount of the penalty on line 39 and fill in the correct circle on line 39. Also, complete and attach form FTB 5805 or form FTB 5805F if claiming a waiver or using the annualized income installment method.

**Schedule A
Charitable Deduction**

California law generally follows federal law.

A trust claiming a charitable deduction, etc., under IRC Section 642(c) for the taxable year

must file the information return required by R&TC Section 18635 on Form 541-A.

California law follows federal law for contributions:

- Attributable to current income; and
- Not attributable to current income.

See the instructions for completing line 1 through line 7 of federal Schedule A (Form 1041).

**Schedule B
Income Distribution Deduction**

California law generally follows federal law.

Note: Schedule P (541) must be completed if the estate or trust had an income distribution deduction.

Line 1 – If the amount on Side 1, line 17, is less than zero and the negative number is attributable in whole or in part to the capital loss limitation rules under IRC Section 1211(b), then enter as a negative number on Schedule B, line 1, the lesser of the loss from Side 1, line 17, or the loss from Side 1, line 4. If the negative number is not attributable to the capital loss on line 4, enter -0-.

Line 2 – Figure the adjusted tax-exempt interest as follows:

From the amount of tax-exempt interest received, subtract the total of 1 and 2 below.

1. The amount of tax-exempt interest, including exempt interest dividends from qualified mutual funds, on Schedule A (541), line 4.
2. Any disbursements, expenses, losses, etc., directly or indirectly allocable to the interest (even though described as not deductible under R&TC Section 17280).

Figure the amount of the indirect disbursements, etc., allocable to tax-exempt interest as follows:

1. Divide the total tax-exempt interest received by the total of all the items of gross income (including tax-exempt interest) included in distributable net income.
2. Multiply the result by the total disbursements, etc., of the trust that are not directly attributable to any items of income.

Include any nontaxable gain from installment sales of small business stock sold prior to October 1, 1987, and includable in distributable net income.

Line 3 – Include all capital gains, whether or not distributed, that are attributable to income under the governing instrument or local law. If the amount on Schedule D (541), line 9, column (a) is a net loss, enter -0-.

If the exclusion of gain from the sale or exchange of qualified small business stock was claimed, be sure to add back the amount excluded under IRC Section 1202 as modified by R&TC Section 18152.5.

Line 9 and Line 10 – These lines provide for the computation of the deduction allowable to the fiduciary for amounts paid, credited, or required to be distributed to the beneficiaries of the estate or trust. The deduction is equal to the amounts

paid, credited, or required to be distributed or the distributable net income, whichever is smaller, adjusted in either case to exclude items of tax-exempt income entering into distributable net income. See the instructions for completing federal Schedule B, Income Distribution Deduction (Form 1041), and attach Schedule J (541), Trust Allocation of an Accumulation Distribution, if required.

Complete and attach to Form 541 a properly completed Schedule K-1 (541) for each beneficiary. A substitute form or the information notice sent to beneficiaries may be used if it contains the information required by Schedule K-1 (541).

For more information, see General Information D, Additional Forms You May Have to File.

The non-profit charitable organization California Peace Officer Memorial Foundation has accepted the privilege and responsibility of maintaining a Memorial for fallen officers on the State Capitol grounds. Each May, the Memorial Foundation conducts a dignified ceremony honoring fallen officers and their surviving family members at the Capitol site. The Foundation also provides year round assistance to the fallen officers' families by offering moral support, crisis counseling, and financial support that includes academic scholarships for the children of those officers who have made the supreme sacrifice. On behalf of all of us and the

law-abiding citizens of California we thank you for your participation.

Birth Defects Research Fund. Contributions entered on line 12 will be used to find causes of birth defects, which strike 1 of every 33 babies born each year. Birth defects are the leading cause of death and disability in children, yet in most cases, we don't know why they happen. Give now and help wipe out birth defects in our lifetime.

National World War II Veterans Memorial Trust Fund. Contributions to this fund will be for use on the World War II Veterans Memorial in Washington, D.C.

California Lung Disease and Asthma Research Fund. Contributions to this fund will support the American Lung Association of California's scientific peer-reviewed research program that provides grants to develop and advance the understanding and causes of lung disease, the third leading cause of death. Instructions for Form FTB 3885F

Depreciation and Amortization

General Information

In general, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to most of the changes made to the IRC by the federal Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-206) and has not conformed to any of the changes made by the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277), the Miscellaneous Trade and Technical Corrections Act of 1999 (Public Law 106-36), and the Ticket to Work and Work Incentives Improvement Act of 1999 (Public Law 106-170).

A Purpose

Use form FTB 3885F to compute depreciation and amortization allowed as a deduction on Form 541, California Fiduciary Income Tax Return, or Form 109, California Exempt Organization Business Income Tax Return. Attach form FTB 3885F to Form 541 or Form 109.

Depreciation is a deduction the estate or trust can claim for reasonable exhaustion, wear and tear, and normal obsolescence of property used in business or held to produce income.

Amortization is an amount the estate or trust can deduct for certain capital expenses over a fixed period.

In 1987, the California rates for depreciation were changed to conform to the federal Modified Accelerated Cost Recovery System (MACRS). The California MACRS applies to assets placed in service on or after January 1, 1987.

B Calculation Methods

Assets with a Federal Basis Different from California Basis

— Some assets placed in service on or after January 1, 1987, will have a different basis for California purposes due to the credits claimed for accelerated write-offs of the assets. For more information about adjustments, get FTB Pub. 1001, Supplemental Guidelines to California Adjustments.

For California purposes, any grapevines replaced in vineyards in California as a direct result of the Phylloxera or Pierce's disease may use a recovery period of five years instead of ten.

Note: The expense election under IRC Section 179 does not apply to estates and trusts.

Line 1

Complete columns (a) through (i) for each asset or group of assets placed in service after December 31, 1999. Enter the column (f) totals on line 1(f). Enter the column (i) totals on line 1(i).

Line 2

Enter total California depreciation for assets placed in service before January 1, 2000, taking into account differences in asset basis or differences in California and federal tax law.

California did not allow depreciation under the federal Accelerated Cost Recovery System, (ACRS) for years prior to 1987.

Line 4

Enter total California amortization for intangibles placed in service before January 1, 2000, taking into account any differences in asset basis or differences in California and federal tax law.

California has conformed to IRC Section 197 relating to the amortization of intangibles as of January 1, 1994. No deduction is allowed under this section for any taxable year beginning prior to January 1, 1994. If a taxpayer made an election for federal purposes under the Revenue Reconciliation Act of 1993 (Public Law 103-66), relating to the election to have amendments apply to property acquired after July 25, 1991, or relating to an elective binding contract exception, a separate election for state purposes is not allowed under R&TC Section 17024.5(e)(3). The federal election is binding. In the case of an intangible that was acquired in a taxable year beginning before January 1, 1994, and that is amortized under IRC Section 197, the amount to be amortized cannot exceed the adjusted basis of that intangible as of the first day of the first taxable year beginning on or after January 1, 1994. This amount must be amortized ratably over the period beginning on or after January 1, 1994, and ending 15 years after the month in which the intangible was acquired.

Line 6

Add line 3 and line 5. Enter the total on line 6. See the instructions to Form 541, line 3, for information on depreciation and amortization reported on federal Schedule C. **Note:** Attach a schedule if you need additional space.

Instructions for Schedule D (541)

Capital Gain and Loss

General Information

In general, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to most of the changes made to the IRC by the federal Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-206) and has not conformed to any of the changes made by the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277), the Miscellaneous Trade and Technical Corrections Act of 1999 (Public Law 106-36), and the Ticket to Work and Work Incentives Improvement Act of 1999 (Public Law 106-170).

Note: California does not have a special capital gain tax rate.

California Revenue and Taxation Code (R&TC) Section 18152.5 provides an exclusion (similar to the federal exclusion under IRC Section 1202) for 50% of the gain on the sale of qualifying small business stock originally issued after August 10, 1993, that was held for more than 5 years. However, for California purposes, 80% of the issuing corporation's payroll must be attributable to employment located within California, and at least 80% of the value of the corporation's assets must be used by the corporation to actively conduct one or more qualified trades or businesses in California.

The estate or trust (except a common trust fund) is eligible for the exclusion, however it may not pass through the exclusion to the beneficiary. See R&TC Section 18152.5(g)(4).

A Purpose

Use Schedule D (541) to report gains and losses from the sale or exchange of capital assets by an estate or trust. Generally, California law follows federal law.

To report sales or exchanges of property other than capital assets, including the sale or exchange of property used in a trade or business and involuntary conversions (other than casualties and thefts), get Schedule D-1, Sales of Business Property.

If property is involuntarily converted because of casualty or theft, complete federal Form 4684, Casualties and Thefts, using California amounts.

B Miscellaneous Information

See the instructions for federal Schedule D (Form 1041), Capital Gains and Losses, for the definition of capital assets.

In computing gross income, no distinction is made between gains and losses allocable to income account and those allocable to corpus account.

C Basis

California law generally follows federal law with respect to basis. In determining the basis of property acquired after December 31, 1920, by:

- Gift:
 1. Generally, use the donor's basis if the transaction results in a gain; or
 2. Use the lower of the donor's basis or the fair market value (FMV) on the date of the gift if the transaction results in a loss.
- Bequest, devise, or inheritance:

Use the FMV at the date of death, unless an alternate valuation date election is made under IRC Section 2032.

In determining the basis of property acquired before March 1, 1913, use:

- The cost as adjusted or the FMV as of March 1, 1913, whichever is greater, in determining the gain; and
- The cost as adjusted in determining the loss.

For special cases involving property acquired from a decedent before 1987, see former R&TC Sections 18031 through 18033.

The basis of the decedent's one-half of community property is the FMV at date of death. The basis of the surviving spouse's one-half of community property is the original cost or adjusted basis except:

- If death occurred after April 7, 1953, and prior to January 1, 1976, and one-half of the whole of the community property was included in the determination of the State Inheritance Tax, the basis is the FMV at date of death; or
- If death occurred after December 31, 1975, and prior to June 8, 1982, and the surviving spouse does not receive any portion of the decedent's one-half of the community property, the basis is the FMV at date of death; or
- If death occurred after December 31, 1986, the basis of the surviving spouse's one-half of community property becomes the FMV on the date of the decedent's death.

For more information, get FTB Pub. 1039, Basis of Property Decedent and Surviving Spouse.

Specific Line Instructions

Note: If you file Form 109, California Exempt Organization Business Income Tax Return, attach a copy of your completed Schedule D (541) to Form 109.

Part I

Line 1 – If the estate or trust qualifies for the R&TC Section 18152.5 (similar to IRC Section 1202) exclusion of gain on qualified small business stock, report 100% of the gain on line 1. Directly below the line on which you reported the gain, enter in column (a) "Section 18152.5 exclusion" and enter as a (loss) in column (g) 50% of the gain. Also report 50% of the exclusion as a positive number on Schedule P (541), line 4v.

Line 2 – If the estate or trust sold property at a gain this tax year and is to receive any payment in a later tax year, use the installment method and file form FTB 3805E, Installment Sale Income. If the estate or trust elects out of the installment method, report the gain or loss on line 1. Also use form FTB 3805E if a payment was received in 2000 from a sale made in an earlier year on the installment basis.

If the estate or trust elects not to use the installment method and is reporting a note or other obligation at less than face amount on line 1, state that fact in the margin and give the percentage of valuation. Get federal Publication 537, Installment Sales, and Publication 559, Survivors, Executors, and Administrators, for additional information.

Line 4 – Report the amount from Form 1099-DIV, box 2a, on line 4. If you received a Form 1099-DIV with a gain in box 2d, part of that gain (which is also included in box 2a) may be eligible for the R&TC Section 18152.5 exclusion (See "Note" under General Information). In column (a) of line 1, enter the name of the corporation whose stock was sold. In column (g) of line 1, enter the amount of your allowable exclusion as a loss.

Line 7 – Enter the amount of unused capital loss carryover from prior years.

Note: There is no capital loss carryover from a decedent to an estate.

Part II

Line 9 – Use line 9 to summarize the gain or loss computed in Part I.

Column (a) –Beneficiaries

Enter the amounts of capital gain or loss allocable to the beneficiaries. Do not allocate capital losses to beneficiaries unless the capital losses are required to offset capital gains. Refer to IRC Section 643(a). Any capital loss carryover for the final year is allowed to the beneficiaries, to the extent of their distributive shares.

Column (b) –Fiduciary

Enter the amounts of the gain or loss allocable to the fiduciary.

Note: Enter any capital gain paid or permanently set aside for charitable purposes (IRC Section 642(a)) in column (b).

Column (c) – The amount entered on line 9, column (c), should be the total of the amounts shown on line 9, column (a) and column (b). Form 109 filers, see instructions for that form.

Part III

Line 10 – If line 9, column (c), shows a loss, the loss is limited at line 10 to the smaller of the amount of the loss or \$3,000.

Form 109 filers, see instructions for that form.

Part IV

Complete the Capital Loss Carryover Worksheet in the instructions for federal Schedule D (Form 1041), Capital Gains and Losses, using California amounts to determine the capital loss carryover.

General Information**Purpose**

File Schedule J (541) with Form 541 to report an accumulation distribution by domestic complex trusts and certain foreign trusts.

California has conformed to federal provisions of the Taxpayer Relief Act of 1997 repealing the throwback rules for certain domestic trusts. However, if the trust did not pay tax on the beneficiary's interest because the beneficiary was contingent, the income that would have been taxed is included by the beneficiary in the year it is distributable or distributed (R&TC Section 17745(b)).

Specific Instructions**Part I****Accumulation Distribution in 2000**

Generally, the beneficiary may exclude amounts accumulated before the beneficiary becomes age 21. See IRC Sections 665 and 667(c) for exceptions relating to multiple trusts. The trustee reports the total amount of the accumulation distribution before any reduction for income accumulated before the beneficiary becomes age 21. The beneficiary claims the exclusion when filing form FTB 5870A, Tax on Accumulation Distribution of Trusts, if the multiple trust rules do not apply. This is because one trustee may be unaware that the beneficiary may be a beneficiary of other trusts with other trustees.

Part II

Note: You must complete Part III before completing this part.

Attach separate schedules supporting allocation of income to sources within and outside California.

Under R&TC Section 17953, income from trusts deemed distributed to nonresident beneficiaries is income from sources within California only if derived out of trust income derived from sources within California. Generally, for purposes of R&TC Section 17953, the nonresident beneficiary shall be deemed to be the owner of intangible personal property from which the income of the trust is derived.

If the beneficiary is a nonresident individual or a foreign corporation, see IRC Section 667(e) about retaining the character of the amounts distributed to determine the amount of withholding tax.

The beneficiary may use form FTB 5870A to compute the tax on the distribution.

2000 Instructions for Schedule K-1 (541)

Beneficiary's Share of Income, Deductions, Credits, etc.

A Purpose

The estate or trust uses Schedule K-1 (541) to report its beneficiary's share of the income, deductions, credits, etc. The estate or trust files copies of the Schedule K-1s (541) with the Form 541, California Fiduciary Income Tax Return.

Reminder: Many of our forms are available on our website. Our website address is:

www.ftb.ca.gov

B Who Must File

The fiduciary of the estate or trust (or one of the joint fiduciaries) must file a Schedule K-1 (541) for each beneficiary. A copy of each beneficiary's Schedule K-1 (541) must be attached to Form 541 filed with the Franchise Tax Board (FTB). The fiduciary also must give each beneficiary a copy of his or her respective Schedule K-1 (541) and a copy of the Beneficiary's Instructions Schedule K-1 (541) or other prepared specific instructions. One copy of each Schedule K-1 (541) must be retained for the fiduciary's records.

The estate or trust is required to request and provide a proper identifying number for each beneficiary (Revenue and Taxation Code (R&TC) Section 18624). Enter the beneficiary's number on the respective Schedule K-1 (541) when the estate or trust files Form 541, California Fiduciary Income Tax Return.

Individuals and business beneficiaries are responsible for giving the estate or trust their social security number, California corporation number, Secretary of State file number, or federal employer identification number (FEIN) upon request.

The estate or trust may use federal Form W-9, Request for Taxpayer Identification Number and Certification, to request the beneficiary's identifying number.

C Penalty

The estate or trust is charged a \$50 penalty for each failure to provide a required taxpayer identification number, unless reasonable cause is established for not providing it (R&TC Section 19183). If a reasonable cause exists, please explain in a signed affidavit and attach it to Form 541.

D Substitute Forms

If the estate or trust does not use an official FTB Schedule K-1 (541) or a software program with an FTB-approved Schedule K-1 (541), it must get approval from the FTB to use a substitute Schedule K-1 (541). Get FTB Pub. 1098, Guidelines for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms, for more information.

E Taxable Year

Beneficiary's taxable year. The beneficiary's income from the estate or trust must be included in the beneficiary's return for the taxable year during which the taxable year of the estate or trust ends.

Prior Year. Do not include in the beneficiary's income any amounts deducted on Form 541 for an earlier year that were credited or required to be distributed in that earlier year.

F Beneficiary's Income

If no special computations are required, use the following instructions to compute the beneficiary's income from the estate or trust. California reporting requirements are the same as federal for:

- Income;
- Character of income;
- Allocation of deductions;
- Allocation of credits; and
- Gifts and bequests.

In Schedule K-1 (541), column (b), enter the amounts from federal Schedule K-1 (1041). In column (c), enter the difference between the California and federal totals. In column (d), enter the California total amount (combine column (b) and column (c)). In column (e), enter the California source amount. Prepare and give a Schedule K-1 (541) to each beneficiary of the estate or trust.

Income of nonresidents from bank accounts, stocks, bonds, notes, and other intangible personal property is not income from sources in California unless 1) the property has acquired a business situs in California or 2) orders with brokers have been placed so regularly as to constitute "*doing business*" (R&TC Section 17952). Include in column (e) only income from intangible property that is income from sources within California.

Attach a separate schedule to each beneficiary's Schedule K-1 (541) showing intangible income, such as interest, dividends, capital gains from the sale of stocks, bonds, etc., whose source is dependent upon the residence or commercial domicile of the beneficiary.

For nonresidents, income from a trade or business conducted within and outside California is apportioned or allocated to California in accordance with Title 18, Cal. Code Reg. Section 17951-4(c).

G Passive Activities

The limitations on passive activity losses and credits under Internal Revenue Code (IRC) Section 469 apply to estates and trusts. Estates and trusts that distribute income to beneficiaries are allowed to allocate deprecia-

tion, depletion, and amortization deductions to beneficiaries. These deductions are called "*directly allocable deductions*."

If items of income (loss), deduction, or credit from more than one activity are reported on Schedule K-1 (541), the fiduciary must attach a statement to Schedule K-1 (541) for each passive activity.

H Nonresident Beneficiaries

It is necessary to compute the beneficiaries' share of income and deductions, disregarding the nonresident status of any particular beneficiary.

If the beneficiary of an estate or trust is a resident of California on the last day of the estate's or trust's taxable year, the beneficiary's share of income or losses of the estate or trust for that taxable year is taxable to California. Nonresident beneficiaries are taxed only on income that is derived from sources within California. Where an estate or trust derives income from both within and outside California, it is necessary for the fiduciary to determine what portion of the beneficiary's share of income of the estate or trust is from within and outside California. The amounts derived from or attributable to income from sources within California are to be properly allocated and reported on the Schedule K-1 (541). The fiduciary must clearly show how the allocation was made.

Enter the beneficiary's share of income and deductions from sources within California on Schedule K-1 (541), column (e).

Payments to nonresidents having a business or taxable situs in California are subject to withholding of taxes. For more information, get the Instructions for Form 592, Form 592-A, and Form 592-B.

General Summary of Treatment for Sourcing Specific Nonbusiness Income Items

For California tax purposes:

- Compensation for personal services has a source where the services are performed.
- Interest and dividends generally have a source at the taxpayer's state of residence.
- Gains and losses from the sale or exchange of real and tangible personal property have a source where the property is located.
- Income from intangible personal property generally has a source at the taxpayer's state of residence. Rents and royalties have a source where the property is located.
- Pensions have a source where the services were performed. However, California does not impose a tax on qualified retirement income or pensions received by nonresidents on or after January 1, 1996.

Generally, income from a business, trade, or profession is sourced as follows:

- If the operations are conducted wholly within California, the income has a California source.
- If the operations within California are so separate and distinct from the operations outside of California that taxable income can be separately accounted for, only the income from within California must be included in California source income.
- If the trade or business carried on within California is an integral part of a unitary business carried on outside of California, the entire net income must be reported and apportioned or allocated in accordance with the provisions of the Uniform Division of Income for Tax Purposes Act as contained in Sections 25120 through 25139.

Partnership, limited liability company, and S corporation income (loss), is apportioned or allocated the same as any other business. If the estate or trust is a partner, member, or shareholder in a business entity, income sourced to California is generally included in column (e) of the Schedules K-1 (565), K-1 (568), or K-1 (100). For more detailed information, review Title 18, Cal Code Reg. Section 17951.4 and related tax codes.

See Title 18, Cal Code Reg. Sections 17951-1(c), 17951-2, and 17953 regarding taxability of distributions to nonresident beneficiaries.

If California source income is being distributed to a nonresident beneficiary, see instructions regarding withholding at source in General Information P, Miscellaneous Items, of the Form 541 instructions.

Get the instructions for federal Schedule K-1 (1041).

Line 3 – Enter the combined amount from federal Schedule K-1 (1041), line 3 and line 4c.

Note: Gains or losses from the complete or partial disposition of a rental, rental real estate, or trade or business activity that is a passive activity must be shown on an attachment to Schedule K-1 (541).

Line 4 – Enter on line 4a the beneficiary's share of annuities, royalties, or any other income, before directly allocable deductions, that is not subject to any passive activity loss limitation rules at the beneficiary level. Enter on lines b, c, and d the beneficiary's share of the directly allocable deductions for depreciation, depletion, or amortization.

Line 5 – Enter on line 5a the beneficiary's share of trade or business, rental real estate, and other passive income, before directly allocable deductions, that is subject to any passive activity loss limitation rules at the beneficiary's level. Enter on lines b, c, and d the beneficiary's share of the directly allocable deductions for depreciation, depletion, or amortization.

Line 6 – An estate or trust cannot pass through the alternative minimum taxable income (AMTI) exclusion to the beneficiary. The Schedule P (541), Alternative Minimum Tax and Credit Limitations - Fiduciaries, for the estate or trust must be recalculated leaving line 7b blank. This will eliminate the effect of the AMTI exclusion but allow other items of adjustment or tax preference to be passed through to the beneficiary. The recalculated amount on Schedule P (541), line 10, must be entered on Schedule K-1 (541), line 6.

The estate or trust (except a common trust fund) may not pass through the exclusion for qualified small business stock (R&TC Section 18152.5) to a beneficiary. Therefore, it would also not pass through the adjustment related to this exclusion to the beneficiary. Any adjustment made to the estate's or trust's income (except for a common trust fund) for alternative minimum tax purposes for the qualified small business stock exclusion should be eliminated when completing the beneficiary's Schedule K-1 (541).

Line 9a through Line 9d

Enter the amounts from Schedule P (541). Get the instructions for federal Schedule K-1 (1041) for more information.

Line 10a through Line 10d

If this is the final return, enter on line 10 the beneficiary's share of any:

- Excess deductions on termination (follow the instructions for federal Form 1041);
- Capital loss carryover; or
- Unused net operating loss (NOL) carryover for both regular and alternative minimum tax, if the NOL carryover would be allowed to the estate or trust in a later year but for termination.

Note: No deduction is allowed for estate taxes.

Line 11a through Line 11e

Enter the beneficiary's share of each item not entered elsewhere on Schedule K-1 (541). Attach a separate sheet for each item reported on line 11 showing the computation. Items that must be reported on this line include the allocable share, if any, of items listed on line 11a through line 11d.

Line 11b – Enter tax-exempt interest received by the estate or trust (including exempt-interest dividends received as a shareholder in a mutual fund or other regulated investment company).

Line 11c – Enter taxes paid to other states reported on Schedule S, Other State Tax Credit.

Note: Attach a copy of the return filed with the other state, evidence of payment, and a copy of Schedule S to verify the amount of tax paid.

Line 11d – Enter on an attached schedule each beneficiary's allocable share of any credit or credit information that is related to a trade or business activity.

Line 11e – Enter any other item that is not included above such as:

- Gross farming and fishing income; or
- Investment income (IRC Section 163(d)).

The estate or trust may need to report supplemental information that is not specifically requested on the Schedule K-1 (541) separately to each beneficiary.

If the estate or trust is claiming tax benefits from an Enterprise Zone (EZ), Los Angeles Revitalization Zone (LARZ), Local Agency Military Base Recovery Area (LAMBRA), Manufacturing Enhancement Area (MEA), or Targeted Tax Area (TTA), it should give the beneficiaries their distributive share of the business income and business capital gain or loss apportioned to the EZ, LARZ, LAMBRA, MEA, or TTA on this line.

Beneficiary's Instructions for Schedule K-1 (541)

General Information

Purpose

The estate or trust uses Schedule K-1 (541) to report your share of the estate's or trust's income, deductions, credits, etc. Your name, address, and identifying number, as well as the estate's or trust's name, address, and identifying number, should be entered on the Schedule K-1 (541). Please keep Schedule K-1 (541) for your records. **Do not** file it with your tax return. The estate or trust has filed a copy with the Franchise Tax Board (FTB).

You are subject to tax on your share of the estate's or trust's income, and you must include your share on your individual tax return.

Schedule K-1 (541), column (b) shows amounts from your federal Schedule K-1 (1041). Column (c) shows the difference between federal and California amounts. Column (d) shows your total amounts using California law by combining column (b) and column (c). Column (e) shows your income and loss from California sources.

Generally, the amount of loss and deduction you may claim on your return is limited to your share of the estate or trust and the amount for which you are considered at-risk. If you have losses, deductions, or credits from a passive activity, you must also apply the passive activity rules. It is the beneficiary's responsibility to consider and apply any applicable limitations.

California law is generally the same as federal law with regard to income, the character of income, allocation of deductions, gifts, and bequests, and past years. Follow the instructions for federal Schedule K-1 (1041) for these items.

Generally, you must report items shown on your Schedule K-1 (and any attached schedules) the same way that the estate or trust treated the items on its return. If the treatment on your original or amended return is inconsistent with the estate's or trust's treatment, or if the estate or trust was required to but has not filed a return, you must attach a statement identifying the inconsistency. Beneficiaries may be liable for negligence penalties and penalties relating to mathematical errors if they cannot demonstrate that their treatment is consistent with the estate or trust.

Beneficiaries of estates and trusts include in their gross income their distributive share of the fiduciary's income distribution deduction for the taxable year. Amounts that are distributed by an estate or trust and that are not deductible in computing the entity's taxable income (i.e., distributions of corpus or tax-exempt income) usually are not taxable to the beneficiary.

Resident beneficiaries are taxed on income distributed or distributable from all sources. Nonresident beneficiaries are taxed only on income distributed or distributable that is

derived from sources within California (R&TC Section 17953).

For purposes of this section, the nonresident beneficiary is deemed the owner of intangible personal property from which the income of the estate or trust is derived. Therefore, such income is taxed at the beneficiary's domicile.

Note: The estate or trust will attach a schedule of intangible income, such as income from stocks, bonds, bank accounts, and notes, whose source is dependent upon the residence or commercial domicile of the taxpayer. The income on this schedule is not income from California sources for nonresidents but is income sourced at the beneficiary's state of residence or commercial domicile.

Specific Line Instructions

Include the adjustment in column (c) on Schedule CA (540 or 540NR). If you are a nonresident beneficiary, the California source amounts in column (e) will help you identify the California source adjusted gross income that must be reported on your Schedule CA (540NR), column (E).

Line 3 through Line 10

You must report the amounts in column (c), adjustments, that are from **nonpassive** activities on the appropriate California form or schedule as explained in these instructions.

Report the amounts in column (d), total amounts using California law, that are from **passive** activities on the appropriate California form or schedule. Get form FTB 3801, Passive Activity Loss Limitations, to transfer those amounts and to figure the amount of your passive activity loss limitation. Carry the passive activity amounts to the California form or schedule to figure your California adjustment amount. Enter this adjustment amount on the corresponding line on Schedule CA (540) or Schedule CA (540NR) only if there is a federal/California difference.

If there is no California form or schedule on which to compute your passive activity loss adjustment amount on (i.e., rental loss from passive activities), you may figure the adjustment amount on the California Adjustment Worksheets in the instructions for form FTB 3801. Enter the total of your adjustments from these worksheets from all passive activities on Schedule CA (540 or 540NR), line 17, column B or line 17, column C, whichever is appropriate.

Line 1 – Interest

Include on Schedule CA (540 or 540NR), line 8, column B or column C, whichever is appropriate, any amount shown on line 1, column (c).

Line 2 – Dividends

Include on Schedule CA (540 or 540NR), line 9, column B or column C, whichever is

appropriate, any amount shown on line 2, column (c).

Line 3 – Net capital gain or (loss)

Include on Schedule D (540), California Capital Gain or Loss Adjustment, line 2, any amount shown on line 3, column (d).

If there is an attachment to Schedule K-1 (541) that reports the disposition of a passive activity, get form FTB 3801 for more information.

Line 4 – Annuities, royalties, and other non-passive income before directly allocable deductions

Include on Schedule CA (540 or 540NR), on line 17, in column (B) or column (C), any amount shown on Schedule K-1, line 4, column (c).

Directly apportionable deductions, such as depreciation, are treated by the beneficiary as having been incurred in the same activity as incurred by the estate or trust. The estate or trust should provide you with a schedule showing your share of directly apportionable deductions derived from each activity included on line 4.

Line 5 – Trade or business, rental real estate, and other passive income

Read the instructions below before including any amounts shown on Schedule K-1, line 5, on Schedule CA (540 or 540NR), line 17.

Passive Activities: The deductions on line 5 may be subject to the passive loss limitation rules. In general, losses from passive activities are allowed only to the extent of income from passive activities.

If your passive activity deductions exceed your passive activity income, or you have passive activity losses from any other source, you must use form FTB 3801 to figure your losses allowed from all passive activities.

Any directly apportionable deduction, such as depreciation, is treated by the beneficiary as having been incurred in the same activity as incurred by the estate or trust. The estate or trust should provide you with a schedule showing your share of directly apportionable deductions derived from each activity reported on line 5.

Line 8 – Enter your share of adjustment for alternative minimum tax (AMT) purposes on Schedule P (540), Alternative Minimum Tax and Credit Limitations –Residents, or Schedule P (540NR), Alternative Minimum Tax and Credit Limitations –Nonresidents and Part-Year Residents.

Include any capital loss carryovers from the final year of the estate or trust on Schedule D (Form 540), line 6, column (d).

Line 10c and Line 10d – Net Operating Loss (NOL) Carryover

Upon termination of a trust or decedent's estate, a beneficiary succeeding to its property is allowed to deduct any unused NOL (and any AMT NOL) carryover for regular and AMT purposes if the carryover would be allowable to the estate or trust in a later tax year but for the termination.

Include the amount from Schedule K-1 (541), line 10c on Schedule CA (540 or 540NR), line 21, column (C).

Include the amount from Schedule K-1 (541), line 10d on Schedule P (540 or 540NR).

Line 11a – Trust payments of estimated tax credited to you

Include on Form 540, line 39, or Form 540NR, line 48, any estimated tax payments paid by the trust on your behalf.

General Instructions

A Purpose

A trust or, for its final year, a decedent's estate may elect under R&TC Section 17731 (conforms to IRC Section 643(g)(1)(B)) to have any part of its estimated tax payments treated as made by a beneficiary or beneficiaries. The fiduciary files Form 541-T to make the election. Once made, the election is irrevocable.

Note: Withholding cannot be distributed on Form 541-T.

B How to File

File Form 541-T separately from Form 541, California Fiduciary Income Tax Return. Do not attach Form 541-T to Form 541.

C Where to File

Mail Form 541-T to:

FRANCHISE TAX BOARD
PO BOX 942840
SACRAMENTO CA 94240-0000

D When to File

For the election to be valid, a trust or decedent's estate must file Form 541-T by the 65th day after the close of the tax year as shown at the top of the form. If the due date falls on a Saturday, Sunday, or legal holiday, file on the next business day. For a calendar year trust, the due date is on or before Monday, March 5, 2001.

E Period Covered

File the 2000 Form 541-T for calendar year 2000 and fiscal years beginning in 2000. If the form is for a fiscal year or a short year, enter the tax year in the space at the top of the form.

F Internet Access

You may download, view, and print tax year 1994 through tax year 2000 forms and publications. Our website address is:
www.ftb.ca.gov

Specific Line Instructions

Fiduciary's Street Address

Include suite, room, unit number, etc. after the street address. If the post office does not deliver mail to the street address and the fiduciary has a PO box, show the PO box number instead of the street address.

Private Mailbox (PMB) Numbers – If a mailbox is leased from a private business rather than from the United States Postal Service, enter the box number in the field labeled "PMB no."

Line 1

Enter the amount of the estimated tax payments made by the trust or decedent's estate that the fiduciary elects to treat as a payment made by the beneficiaries. This amount is treated as if paid or credited to the beneficiaries on the last day of the tax year of the trust or decedent's estate. Be sure to

include it on Form 541, Schedule B, Income Distribution Deduction, line 11.

Line 2

Column (b) – Beneficiary's name and address

Group the beneficiaries to whom you are allocating estimated tax payments into two categories. In the first category, list all the individual beneficiaries who have a social security number (SSN). In the second category, list all the other beneficiaries.

Column (c) – Beneficiary's identifying number

For each beneficiary who is an individual, enter the SSN. For all other entities, enter the federal employer identification number (FEIN). Failure to enter a valid SSN or FEIN may cause a delay in processing and could result in the imposition of penalties on the beneficiary. For those beneficiaries who file a joint return, you can assist the Franchise Tax Board in crediting the proper account by providing the SSN, if known, of the beneficiary's spouse. However, this is an optional entry.

Column (d) – Amount of estimated tax payment allocated to beneficiary

For each beneficiary, also enter this amount on Schedule K-1 (541), Beneficiary's Share of Income, Deductions, Credits, etc., line 11a.

Column (e) – Proration percentage

For each listed beneficiary, divide the amount shown in column (d) by the amount shown on line 1 and enter the result as a percentage.

Line 3

If you are allocating a payment of estimated taxes to more than 10 beneficiaries, list the additional beneficiaries on an attached sheet that follows the format of line 2. Enter on line 3 the total from the attached sheet(s). Include the fiduciary name and FEIN on the attached sheet.

2001 Instructions for Form 541-ES

Estimated Tax For Fiduciaries

A Purpose

Use Form 541-ES to figure and pay estimated tax for an estate or trust. Estimated tax is the amount of tax the fiduciary of an estate or trust expects to owe for the year.

B Who Must Make Estimated Tax Payments

Generally, a fiduciary of an estate or trust must make 2001 estimated tax payments unless:

- 80% or more of the estate's or trust's 2000 tax was paid by withholding;
- 80% or more of the estate's or trust's 2001 California adjusted gross income (AGI) will be wages subject to withholding; or
- 80% or more of the estate's or trust's 2001 tax will be paid by withholding.

An estate or trust is not required to make 2001 estimated tax payments if:

- The tax for 2000 (after subtracting withholding and credits) was less than \$200; or
- The tax for 2001 (after subtracting withholding and credits) will be less than \$200.
- It is a decedent's estate for any tax year ending before the date that is two years after the decedent's death; or
- It is a trust that was treated as owned by the decedent and if the trust will receive the residue of the decedent's estate under the will (or if no will is admitted to probate, the trust primarily responsible for paying debts, taxes, and expenses of administration) for any tax year ending before the date that is two years after the decedent's death.

Limit on the Use of Prior Year's Tax. Estates and trusts with 2000 AGI greater than \$150,000 must figure estimated tax based on the lesser of 80% of their current tax for 2001 or 105% of the tax for 2000.

If the estate or trust must make estimated tax payments, use the Estimated Tax Worksheet on the following page to figure the amount owed.

Real Estate Mortgage Investment Conduit (REMIC) trusts are not required to make estimated payments.

Tax-exempt trusts and nonexempt charitable trusts described in IRC Section 4947(a)(1) should use FTB Form 100-ES, Corporation Estimated Tax.

C When to Make Estimated Tax Payments

For estimated tax purposes, the year is divided into four payment periods. Each period has a specific payment due date. If an estate or trust does not pay enough tax by the due date of each of the payment periods, it

may be charged a penalty even if it is due a refund when it files its income tax return. The payment periods and due dates are:

For the payment period

Jan. 1 through March 31, 2001
April 1 through May 31, 2001
June 1 through August 31, 2001
Sept. 1 through Dec. 31, 2001

Due date is:

April 16, 2001
June 15, 2001
Sept. 17, 2001
Jan. 15, 2002

Filing an Early Tax Return in Place of the 4th Installment. If an estate or trust files its 2001 tax return by January 31, 2002, and pays the entire balance due, it does not have to make its last estimated tax payment.

Annualization Option. If the estate or trust does not receive its taxable income evenly during the year, it may be to its advantage to annualize the income. This method allows matching estimated tax payments to the actual period when income was earned. Use the annualization schedule included with 2000 form FTB 5805, Underpayment of Estimated Tax by Individuals and Fiduciaries.

Farmers and Fishermen. If at least 2/3 of gross income for 2000 or 2001 is from farming or fishing, the estate or trust may:

- Pay the total estimated tax by January 15, 2002; or
- File Form 541 for 2001 on or before March 1, 2002 and pay the total tax due. In this case, estimated tax payments are not due for 2001. Attach form FTB 5805F, Underpayment of Estimated Tax by Farmers and Fishermen, to the front of Form 541.

Fiscal Year. If the estate or trust files on a fiscal year basis, the due dates will be the 15th day of the 4th, 6th, and 9th months of the fiscal year and the first month of the following fiscal year. If the due date is a Saturday, Sunday, or legal holiday, use the next business day.

D How to Use Form 541-ES Payment Voucher

Use the Estimated Tax Worksheet and the 2000 Form 541 return as a guide for figuring the 2001 estimated tax payment.

There is a separate payment voucher for each due date. Please be sure you use the voucher with the correct due date shown on the right side of the voucher.

Fill in Form 541-ES:

1. Print the estate's or trust's name, the fiduciary's name and title, mailing address, and the estate's or trust's federal employer identification number (FEIN) in the space provided on Form 541-ES. Use black or blue ink. Print all names and words in CAPITAL LETTERS. If the estate's or trust's name or address is too long to fit in the boxes provided, do not shorten the name or address. Instead, ignore the boxes and fit the information in the space provided.

2. Enter in the payment box of the voucher only the amount of the current payment. When making payments of estimated tax, be sure to take into account any 2000 overpayment to be credited against the 2001 tax, but do not include the overpayment amount in the payment amount.

3. If part of the estimated tax is to be allocated to the beneficiaries per IRC Section 643(g), attach a copy of Form 541-T, California Allocation of Estimated Tax Payments to Beneficiaries, to Form 541-ES.

4. Make the check or money order payable to "Franchise Tax Board." Write the FEIN and "Form 541-ES 2001" on the check or money order. Mail the Form 541-ES and the check or money order to:

FRANCHISE TAX BOARD
PO BOX 942867
SACRAMENTO CA 94267-0031

5. Keep a record of the payment.

6. **Fiscal-year filers:** Fill in the month and year-end information at the top of the voucher.

E Failure to Make Estimated Tax Payments

If the estate or trust is required to make estimated tax payments and does not, or if it underpays any installment, a penalty will be assessed (with certain exceptions) for that portion of estimated tax that was underpaid from the due date of the installment to the date of payment or the due date of the tax return, whichever is earlier. For more information, get 2000 form FTB 5805.

F Other Information

Filing 541-ES on Magnetic Media. Fiduciaries that make estimated tax payments for more than 200 taxable trusts may submit the estimated tax information on magnetic media or composite listing. For additional information, call (800) 852-5711 and select option 5.
